WELCOME TO WEST FORK FARMS 1st ANNUAL SALE

This is the first public auction sale we have made at West Fork Farms since the registered herd was established in 1948. Prior to that time, however, three generations of Webers had been producing commercial Shorthorn cattle.

We have always tried to breed Shorthorn cattle with good heads, plenty of scale, size and substance and beef-making qualities. To do this kind of a job, we have used top bulls, most of them purchased from the well known Mathers herd in Illinois.

During the past two years, our show herds have met with good success at the major shows throughout the middlewest and we were indeed proud this year at the 1959 Iowa State Fair to be able to breed and exhibit the reserve grand champion bull. This bull and his sire, and many of his half-brothers and sisters are features of this sale.

The herd is healthy, has been a regular producer and we are proud to be able to offer the breeding services of another outstanding bull which we recently purchased, Calrossie Transatlantic.

We'd like to call your attention to the Claymore Farms Sale on Monday, November 23rd and we will, of course, work closely with buyers assembling shipments of cattle purchased in either or both of these sales which are located just a few miles apart.

THESE ARE COWMEN'S CATTLE . . .

Louis Weber and his son, Paul, have done a remarkable job with their registered Shorthorn cattle in the past ten years on their West Fork Farm at Marcus, Ia. The use of good bulls has hastened their progress story and their show herds in the past two years have given conclusive evidence that their cattle are meeting the demand of not only good judges but outstanding beef cattlemen.

In 1958, they started out the season by showing the 1st prize pen of Shorthorn bulls at the great Denver Livestock Show and they sold them well above the record average selling price of that show.

In 1959, the highlight of their show season, of course, has been the exhibition of the reserve grand champion bull at the Iowa State Fair.

Now, in this sale, they are featuring their five-year-old herd bull, Leveldale Rampart, and 12 of his sons and 15 of his daughters. Not satisfied to stand still, they recently purchased the young bull, Calrossie Transatlantic and his service will be a feature of the females that are being offered.

You have to give credit to people who keep going forward in a business that is as fast moving as the beef cattle business and I sincerely hope that a good many friends of the Webers and all of the good cattlemen, looking for some good, young bulls and females will find it possible to be at Cherokee, Iowa on Tuesday, November 24th. Remember, this sale follows the Claymore Farms Sale which will be held the day before at near-by Spencer, Iowa.

Mervin F. Aegerter, Sale Mgr.

HERE'S WHAT LES MATHERS SAYS ABOUT HIM . . .

"Calrossie Transatlantic - From a beautiful dark roan heifer by the noted sire, Calrossie Hyperbole who sired two Perth champion bulls and the Royal Show champion of '59, Bapton Northward Bound.

Calrossie Transatlantic's sire, Bapton Balmoral, was a 1st prize bull at Perth with tremendous width and substance and a great covering of mellow flesh. He was sold to Australia at a large price after being used at Calrossie.

Calrossie Transatlantic has inherited his good head, bone and fleshing ability from both sides. He is one of the thickest fleshed bulls to be found. His pedigree is packed with great breeding bulls and females. He can hardly miss as a sire.

CALROSSIE TRANSATLANTIC -- Having had Mathers' bred bulls do exceptionally well for us during the past several yrs. , we quite naturally went back to Leveldale early this past summer, in search of another herd bull to breed to the daughters of Leveldale Rampart and Leveldale Omen. We were immediately attracted to a good-headed, rugged, young red bull, named Calrossie Transatlantic and purchased him and now sell a good many young females mated to him. He's a great-headed, heavy-boned, rugged, well-balanced young bull.

SPREADING ELM IDOL - We bought this bull early last spring to mate to some of our choice females. In the Arthur Gebert herd at Granville, Ia., he has done a remarkable job for them in the past six years. Calves sired by him were members of the champion carload of Shorthorn steers for Carl Hoffman at Chicago for 2 years. He sired the grand champion steer at the Sioux City Interstate show for Willis Gebert. He sired 2 champion steers at the Kansas City American Royal Show and a number of National Western Stock Show winners for the Geberts. He's a big bull with plenty of scale and size, and an outstanding head. He's a grandson of Edellyn Campeon Mercury, one of the greatest bulls ever used in this country and his dam is a granddaughter of the \$7,000 Supreme Goldfinder.

LEVELDALE RAMPART - We purchased this bull as a calf from Mathers in 1954 and he was never shown. His sire, Morphie Democrat, as described by Les Mathers, is a big, rugged bull and a bull with great strength which comes, to a great extent, from the Millhills breeding in his pedigree. A daughter, bred while he was at Leveldale, is one of the great cows in the Kickapoo herd. His dam, Kinellar Miss Ramsden 39th, is the dam of Leveldale Miss Ramsden 12th, Leveldale Miss Ramsden 3rd and Leveldale Miss Ramsden 4th, all good breeders. Leveldale Miss Ramsden was grand champion female at Illinois, Ohio, Indiana, Kentucky, and the American Royal, and reserve grand champion at the Chicago International Livestock Show. Breeding the Kind Customers Demand

We have always sought scale, substance and "beef-making quality" in our Shorthorns and have used the best bulls of modern breeding to accomplish our aim. At Denver, real cattlemen approved our productions when we won the first prize pen of yearlings and sold them well above the record average selling price of the show.
